May 1, 2017

St. Anthony's EMS Program

We will be hosting a dispatch/patrol training on Tuesday, September 26th and September 27, 2017 at the Ogle County Sheriff's Office. We will be having Medical Dispatch Doctor (MD 1) coming in and talking about their services, looking at the equipment that they have available and how they can assist our emergency services in Ogle County. There will be 4 sessions at 1 hour each. REACT helicopter may also be coming down to provide some insight on their operation as well.

The objectives are:

1. What type of medical calls could their services be utilized for.
2. What type of signs/symptoms should the dispatchers be asking about in order to determine the value of utilizing MD 1.
3. Proper policy and procedure to activate the services.

We are requesting a site code for EMD Continuing Ed hours for our dispatchers.

Thank you,
Sandy Beitel, Supervisor of Communications
E9-1-1 Coordinator
