Mobile Team Unit #1 is funded in partnership with the Illinois Law Enforcement Training & Standards

General Photography for the Patrol Officer

DATE: May 18, 2018

Registration Ends: May 4, 2018

TIME: 1:00 PM—5:00 PM 4 Hours

LOCATION: Freeport Central Fire Station, 1650 S. Walnut Avenue

INSTRUCTOR: Det. Kurt Mills, Freeport Police Dept.

COURSE CONTENT: During their workday patrol officers are asked to obtain photographic evidence for a variety of cases they investigate and not all cases warrant the response of a crime scene unit or detective.

The cameras in use today are automatic when it comes to settings, but a patrol officer still needs to understand the basics. Officers will be taught a general understanding of photographic rules for evidence and other techniques. These skills will help officers obtain evidence photos in varying lighting conditions. They will learn how to tell the “story” through pictures, at a time the public expects photograph and video evidence.

This training will consist of these topics:

- Camera styles - similarities and differences
- Settings – Flash, Macro, “P” vs Automatic
- Lighting and Nighttime photos
- Story Telling through pictures
- Hands-on training

Participants need to bring the department camera they would use while on duty

Partial funding provided by Illinois Law Enforcement Training and Standards Board and MTU#1’s request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board

REGISTRATION:

All registrations are received on the [MTU#1 website](#). Find Registration instructions [here](#)
