Hazardous Materials Awareness

This training fulfills the requirement of the Occupational Safety and Health Administration and United States Environmental Protection Agency (OSHA/USEPA) final rule for emergency response personnel who may be the first on-the-scene at a hazardous materials incident. This course is directed to law enforcement officers.

The Illinois Department of Labor enforces the rules within all state, county and municipal work sites. **This is mandatory training** and non-compliance can result in citation and fine under the Illinois Department of Labor rules.

COURSE OBJECTIVES

- ✓ Identify the risks associated with hazardous materials.
- ✓ Recognize and identify hazardous materials using several different methods.
- ✓ Define the law enforcement officer’s role as first-on-the-scene.
- ✓ Organize essential information into a plan knowing who to call for assistance.
- ✓ Better understand the decision-making associated with hazardous materials Emergency response

Partial funding provided by Illinois Law Enforcement Training and Standards Board and MTU#1’s request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board

REGISTRATION:

All registrations are received on the [MTU#1 website](#). If you are registering for a distant learning class, you must access the registration via the [training calendar](#). The calendar view will allow you to first select which classroom the officer(s) are attending. Find Registration instructions [here](#)
