## 4 Hours Taser Recertification and Legal Update

### COURSE CONTENT:

**This will be an 8-hour training with 4 Hour of TASER Recertification, 2 Hours of Close Range Subject Control Course, and 2 Hour of Use of Force Simulator Course.**

This course will review the justifiable Use of Force, taking note of the civil rights accorded an individual. It will provide an update on recent court decisions restricting use of a TASER so officers can avoid excessive use of force allegations. It will contain a review of the following laws and how they apply to the Officer:

5/7-5 In making an Arrest

5/7-15 Duty to Render Aid

5/7-16 Duty to Intervene

Civil Liability, Mindset, and Legality

Scenarios will allow officers to choose what level of force is reasonable within Illinois/Federal law controlling the Use of the TASER and dealing with situations when the TASER was not effective and discuss the use of de-escalation techniques that maybe used in encounters with individuals.

This course will certify students as users of the Taser less than lethal weapons. Students must **bring their Taser and 2 cartridges per student one of which needs to be a blue inert cart and their duty belts**. Training cartridges can be used. Officers will also receive a review in the following relating to Taser use:

**Warnings    Technology overview    Electrical & Medical Background    Specifications**

Practical Training & Field Applications:

- ✓ Firing/Reloading drills
- ✓ Tactical considerations & field applications
- ✓ Scenario based training (conducted using Sim rounds and Tasers)

## **Officers need to bring full duty belt but NO firearms or ammunition**

Partial funding provided by Illinois Law Enforcement Training and Standards Board and MTU#1's request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board

## **2 Hour Close Range Subject Control Class**

**PURPOSE OF COURSE:** This 2 Hour course has been designed to provide students with the means and confidence to control an individual without injury to himself or herself or the individual.

### ***COURSE DESCRIPTION:***

Topics to be addressed in this program include:

- The system teaches the officer to re-direct a non-compliant suspect's resistance or aggression against himself/herself through position of advantage, which significantly reduces the risk of injuries to both the officer and the suspect subjects they encounter, protecting departments from liability and worker compensation costs.

**COURSE GOALS:** The goals of this course are as follows:

- 1. Recognize the reasons to take action in order to gain necessary control over someone
- 2. Define all terms associated with the training received
- 3. Demonstrate an understanding of, and an ability to perform all techniques and aspects of the practical training drills.
- 4. Accurately explain the reason for the techniques and other options available.)

This course has been approved by ILETSB to meet the following mandates:

**Officer Safety Techniques 1 Hour/1 Hour Scenario Based**  
**De-Escalation Techniques 1 Hour/1 Hour Scenario Based**
