Mobile Team Unit #1 is funded in partnership with the Illinois Law Enforcement Training & Standards Board

Profiling Dangerous People, School Shooters, Mass Murderers & Serial Killers Homicide Training

DATE: June 27, 2024

Registration Ends:

TIME: 8:00 AM—4:00 PM 8 Hours

LOCATION: Byron Middle School 850 N Colfax, Byron, IL

INSTRUCTOR: Phil Chalmers, Criminal Profiler & True Crime Writer

This live training is classroom based, is fast-moving and edgy, and contains hundreds of crime scene photos and active shooting videos. Chalmers pulls no punches when he walks his attendees through the world of homicide and murder, which can be a very dark place. He educates his attendees about teen murder, school shooters, mass murder, serial murder, youth culture and crime prevention. During the training, attendees will get the rare opportunity to interview a serial killer or school shooter live on the phone, allowing them to ask questions they always wanted to ask of these violent offenders.

- Topics covered include:
- The history of juvenile homicide
- The history of school massacres
- The six types of teen killers
- The thirteen causes of teen murder
- The warning signs of teen killers and school shooters
- The triggers of teen killers and school shooters
- Dozens of homicide cases with crime scenes
- Mass murderers-how they operate and who they target
- The ten myths of today's serial killers
- Cause and warning signs of serial killers
- Live interview with an offender during the training class
- Crime prevention tips for personal defense, home security, and on-line safety
- School safety plan and products to keep students safe

Phil Chalmers differentiates himself by talking directly to his training subjects. He personally interviews teen killers, school shooters, mass murderers, and serial killers, sharing his extensive research of what motives drive killers to their homicidal actions, and how we can prevent them from killing and keep our kids and families safe.

Chalmers will provide his attendees an opportunity to interview a school shooter or serial killer live, on the phone, from maximum security prison or death row. This has never been done before. Chalmers allows attendees to ask the questions, and hear the answers in real time, raw, and live.

This training is the best homicide class in the country, and Phil's attendees are raving about the class, saying it was the best of their careers, and how they could have listened for days. Conference hosts are very pleased with the training, as it brings them great feedback from their conference attendees. Many hosts exclaim that Phil's training may have saved their conferences.

Every police officer, school resource officer, teacher, principal, superintendent, school administrator, counselor, psychologist, social worker, and probation officer needs to see this training event. It is "a must" to understand what drives today's killers, how to spot them, and how to prevent their crimes from destroying precious lives.

Partial funding provided by Illinois Law Enforcement Training and Standards Board and MTU#1's request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board
